Advanced Equestrian Surfaces

# COMBI-PRO ADVANCED STABILITY FIBRE

Combi-Pro advanced stability fibre is our premium solution that has been designed to provide you with the best fibre surface additive for your horse riding activities. Using the dual stabiliser solution and blending with an extra 100% pre consumer poly fibre the advanced option is used by many equestrian enthusiasts to improve performance for both practice and professional events.

This advanced solution can be added to any of our pre-mixed products or existing Combi-Ride surfaces. It can also be applied to all equestrian sand and fibre surfaces.

UKs leading sand stabilisation.

- ✓ Provides even more stability
- ✓ Lower Maintenance
- ✓ Reduction in strain injuries
- ✓ Increased moisture retention
- ✓ Improved root structure
- ✓ 100% pre consumer blended
- ✓ Can be added to Combi-Ride

“ My horses deserve the best, that’s why we use Combi-Ride. ”  
**Fiona Robertson-Kelly, FDK Equestrian Director**

“ Having a surface that my horses can find confidence and consistency on in training every day is very important, that’s why I chose Combi-Ride. It is an extremely high quality, affordable surface installed by a very understanding, professional team. ”  
**Adam Trew**
