

Combi-Ride

Advanced Equestrian Surfaces

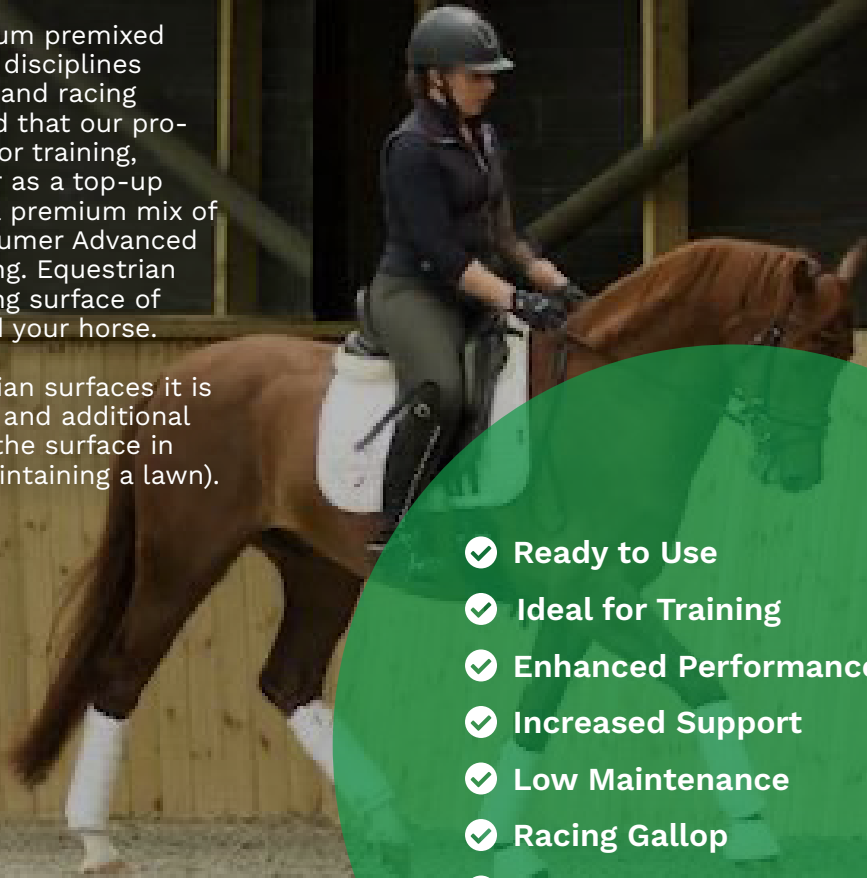

PREMIXED SURFACES

Premium non waxed premixed surface for private and professional use.

Combi-Pro Advanced is our premium premixed equestrian surface suitable for all disciplines including dressage, show jumping and racing gallops. Our customers have found that our pro-advanced mix is the ideal choice for training, competition and lunge surfaces or as a top-up solution. Combi-Pro advanced is a premium mix of combi-pro and our 100% pre consumer Advanced Stability Fibre, mixed with a leading. Equestrian grade silica sand to create an riding surface of optimum performance for you and your horse.

As with all sand and fibre equestrian surfaces it is advised that correct maintenance and additional moisture may be needed to keep the surface in optimum condition. (similar to maintaining a lawn).

- ✓ Ready to Use

- ✓ Enhanced Performance
- ✓ Increased Support
- ✓ Low Maintenance
- ✓ Racing Gallop
- ✓ Competition Arenas

“ Having a surface that my horses can find confidence and consistency on in training every day is very important, that’s why I chose Combi-Ride. It is an extremely high quality, affordable surface installed by a very understanding, professional team. ”

Adam Trew

“ The surface has been down six years and we had it topped up a little last Summer. It never rides deep, the horses don’t slide on it when jumping and it has only frozen twice! ”

Ali Kynaston-Mainwaring, Owner of Hardwick Estate / Hardwick Hall Equestrian
